

## Best of New York

Our guide to the best of what this city has to offer.

**718-274-7600** Ivan Butkovic and his electricians can secure the grandest of chandeliers, even if it weighs 300 pounds. Recent triumphs have included a custom bronze fixture that required three independent supports and a 150-pound Bocci rectangle secured with steel screws. Jobs are executed by deft duos, who adjust height to the decorator's specifications, install dimmers, and source bulbs to suit rare European fixtures—all while taking special care to protect furniture from falling plaster. Services start at \$500 for a 50-pound installation.
